

Continental

The Mustad Continental is a high-performance shoe developed specially for European-type sport horses.

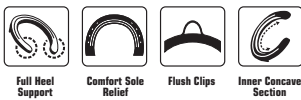

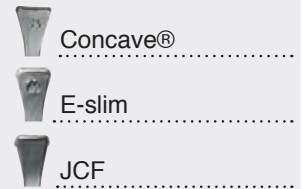

Maximum flexibility

- wide variety of sizes and sections making it easier for shoe adaptations

Perfect design

- front and hind have definite left and right shapes
- the hind outside branch is slightly longer and the nail holes are punched a fraction coarser
- concave section in the inside-edge on the ground surface
- the crease runs through the toe
- full heels for landing support and stud holes
- two extra nail holes above size 2
- boxed heels
