

DynaMic

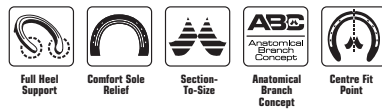

The DynaMic shoe is an upgrade of our traditional DM model. It has the same main characteristics, such as its basic shape. The new, additional features are the result of the feedback from our customers, the input by experts and production innovations. This shoe meets with our objective to get an even better shoeing result with less effort for the farrier.

Shared features with DM

- same basic outside shape
- strong toe
- Sole Relief to minimize sole pressure
- long lasting durability on all terrains

Improved features

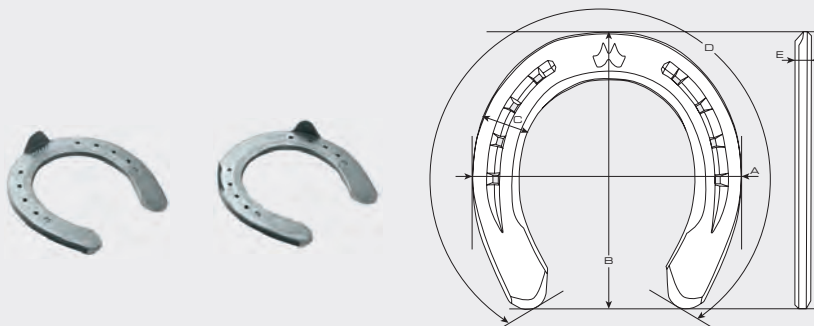

- additional support at the heels
- optimized nail holes positioning
- lighter quarters to make shaping of the shoe easier
- front side clips positioned between the 1st and the 2nd nail hole
