

# Foal nail

The **Foal 1 nail** is a very small and thin nail. The nail head fits U-fullered (orthopaedic) horseshoes for foals.

The Mustad "M" is always stamped on the inside of the nailhead and is placed on the same side as the bevel, as a simple guide for the farrier.

Precision, perfection and reliability are the definitive features of Mustad nails. Production of Mustad nails has a minimal tolerance, as quality is always our prime consideration.

For light weight shoes

Stamped for U-crease
