

JF nail

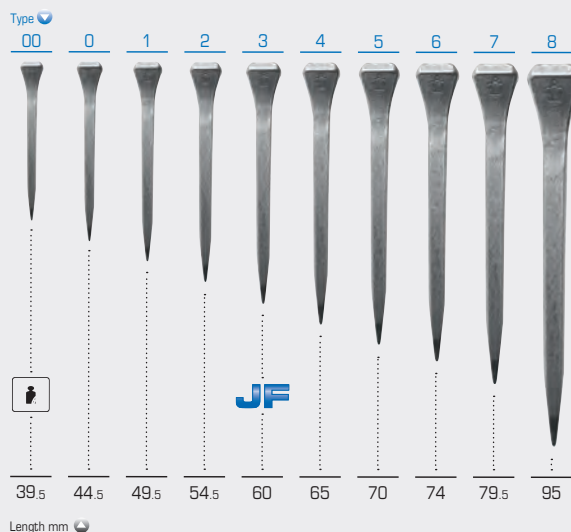

The Mustad "M" is always stamped on the inside of the nailhead and is placed on the same side as the bevel, as a simple guide for the farrier.

The **JF** is a French style Mustad nail with a long neck and a square head. This is a popular nail due to its ease of use for many shoes, environments and sports demands. The nail has a secure and solid fit in all Mustad V-fullered shoes and is available in a large range of sizes.

Precision, perfection and reliability are the definitive features of Mustad nails. Production of Mustad nails has a minimal tolerance, as quality is always our prime consideration.
