

LiBero® Equi-Librium

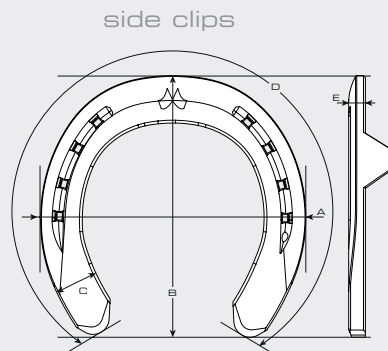

After the successful development and launch of the Equi-Librium® shoe, our studies focused on the improvement of limb load characteristics through model adaptations. The result is the ultimate combination of the versatile and successful LiBero® shoe and our proven Equi-Librium® concept to provide maximum hoof unrollment for the horse.

Extra features of the LiBero Equi-Librium:

- Equi-Librium® rolled toe and quarters to enhance smooth breakover where the horse needs it
- Sole relief to minimize sole pressure
- wide heels for more support
- optimal nail holes positioning
- long-lasting durability on all terrains
- front side clips positioned between the 2nd and 3rd nail holes
- great fit with all Mustad premium E-head nails, for example the Mustad Concave nail
