

VF Pro nail

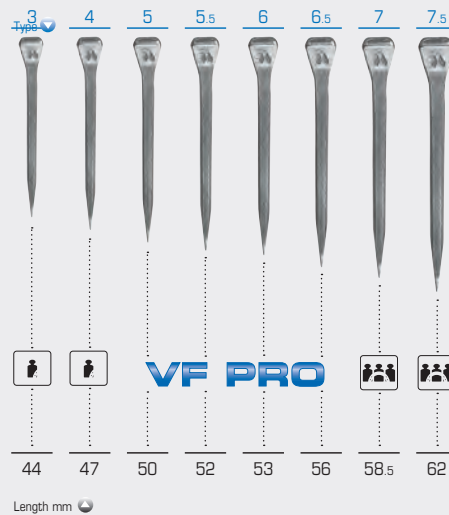

The Mustad "M" is always stamped on the inside of the nailhead and is placed on the same side as the bevel, as a simple guide for the farrier.

The **VF Pro** is an innovative high-quality nail with a short neck and a square head. The design is based on the popular VF F nail. In addition, the shank of the VF Pro is thinner and longer. This reduces damages to the hoof wall and enables a higher drive. The nail is suited to a wide range of horses, horseshoes and conditions. The smaller sizes are perfect for light horses.

Precision, perfection and reliability are the definitive features of Mustad nails. Production of Mustad nails has a minimal tolerance, as quality is always our prime consideration.
